BRAND PILLARS

FANDOM
BRAND
GUIDELINES

Fandom

Pillars < Framework < Playbook

The pillars are component pieces of a larger framework, which includes boilerplate language, rally cry, value propositions, and more.

This framework lives within the Brand Playbook, a fully comprehensive guide for activating, experiencing, and interacting with the brand.

The Brand Pillars are an entry point and support system for strategic decision-making; defining brand imperatives and guiding creative execution across all channels and interactions.

WHERE WE WANT TO BE

OUR VISION

To be the entertainment and gaming fan's first choice for community and experience

Our Vision defines where we want to be as a company. It describes a desired, future state for Fandom, 3 to 5 years out from today.

HOW WE GET THERE

OUR MISSION

Understand, inform, entertain, and celebrate fans by building the best entertainment and gaming communities, services, and experiences.

Our Mission outlines operational, present-day objectives and the big rocks we focus on, today, in order to accomplish our vision.

THE ESSENCE OF OUR BRAND

OUR TAGLINE

For the Love of Fans

***“For the love of _____”** is a flexible, modular adaptation of our Tagline which showcases the breadth, depth and diversity of our content offering.*

*For the love of **The Simpsons***
*For the love of **roleplaying games***
*For the love of **binge watching***

*For the love of **Golum***
*For the love of **Mjölñir***
*For the love of **cheat codes***

VOICE & TONE

OUR ATTRIBUTES

Authenticity
Celebration

Connection
Curiosity

Exploration
Immersion

Passion
Wonder

Our brand attributes express the mood and personality we want to convey to our audience as they experience and interact with the brand.

02

LOGO

SECTION 02

FANDOM
BRAND
GUIDELINES

LOGO

CORE ELEMENTS:
FIRE AND
PASSION

Fandom’s trademark graphic is called *Fire and Passion*, representing the shared love and energy which drives the fan experience.

The brand name is set in custom lettering, designed to complement and pair with the trademark graphic. Most commonly they are locked up together (see next page), though in select situations either may be used on its own.

Fandom

Fandom

Fandom

LOGO

PRIMARY LOCKUP

In most situations, the trademark graphic and logotype are combined into a single piece of art, the *Primary Lockup*. This pairing is considered the main instance of the brand logo.

LOGO

CLEAR SPACE

The logo must be placed with enough padding to ensure it stands out clearly, whether online, in print, or in motion. Minimum clear space is equal to the height of the letter “a” in the Fandom logo.

LOGO

STACKED
LOCKUPS

There are two variations for the stacked version of the logo, with size emphasis placed on either the trademark graphic (1) or the logotype (2).

Fandom

STACKED LOCKUP 1
ON DARK BACKGROUND

Fandom

STACKED LOCKUP 2
ON LIGHT BACKGROUND

Fandom

STACKED LOCKUP 1
ON LIGHT BACKGROUND

Fandom

STACKED LOCKUP 2
ON DARK BACKGROUND

LOGO

SINGLE-COLOR
OPTIONS

One-color and black and white versions of the logo are available as needed. In these instances, the logotype or stacked lockups are more effective than the Primary Lockup.

On dark backgrounds, Fandom Cream is the preferred color, though white is acceptable. On light backgrounds, Fandom Purple is the preferred color, though black is acceptable

Fandom

LOGOTYPE
ON DARK BACKGROUND

Fandom

LOGOTYPE
ON LIGHT BACKGROUND

STACKED LOCKUP 1
ON LIGHT BACKGROUND

STACKED LOCKUP 2
ON DARK BACKGROUND

LOGO

LOGO
& TAGLINE

Several versions of the logo are paired with the brand tagline. Clear space should increase for these treatments, to ensure clarity. Lead colors are used for the tagline, to drive brand awareness.

TRADEMARK + TAGLINE
ON LIGHT BACKGROUND

LOGO

PARTNERSHIPS
& CO-BRANDING

When partnering, co-sponsoring, or co-presenting, there is an assortment of recommended layouts and copy choices.

When the partner logo is square, circular, or vertically-oriented, *Stacked Lockup 1* is ideal, though in certain instances the trademark graphic alone can be used.

LOGO

IMPROPER
USAGE

Though the Fandom brand has space for creative interpretation in many ways, logo integrity and consistency are important. Treatments and stylizations not included in this guide are prohibited.

- 1. Don't distort or skew the logo.
- 2. Don't recolor the logo.
- 3. Don't add 3D effects or drop shadows.
- 4. Don't rearrange elements or use combinations not provided in these guidelines.
- 5. Don't outline the logo.
- 6. Don't place the logo on busy backgrounds.

03

COLOR

SECTION 03

FANDOM
BRAND
GUIDELINES

Fandom

COLOR

LEAD
COLORS

Our colors convey Fandom’s personality and attributes, essential tools in communicating the brand story.

The core palette consists of Fandom Red, Fandom Yellow, and Fandom Purple. Together they form the basis for a consistent brand experience across all channels and touchpoints.

FANDOM RED

HEX **FA005A**
RGB **250, 0, 90**
CMYK **0, 99, 47, 0**
PANTONE **2040 C**

FANDOM YELLOW

HEX **FFC500**
RGB **255, 197, 0**
CMYK **0, 22, 99, 0**
PANTONE **7406 C**

FANDOM PURPLE

HEX **520044**
RGB **82, 0, 68**
CMYK **63, 100, 40, 43**
PANTONE **261 C**

COLOR

SECONDARY
COLORS

Used in combination with the lead colors, the extended palette captures a wide range of moods and tones, versatile enough to reflect the vast genres and topics within the fan universe.

CREAM

HEX **F9EDD8**
RGB **249, 237, 216**
CMYK **0, 5, 16, 0**
PANTONE **9202 C**

LIGHT BLUE

HEX **86D7DC**
RGB **134, 215, 220**
CMYK **44, 0 ,16, 0**
PANTONE **2198 C**

CORNFLOWER

HEX **6A68CE**
RGB **106, 104, 206**
CMYK **67, 65, 0, 0**
PANTONE **2725 C**

CRIMSON

HEX **9B004E**
RGB **155, 0, 78**
CMYK **29, 100, 50, 14**
PANTONE **227 C**

DARK GRAY

HEX **3A434B**
RGB **58, 67, 75**
CMYK **74, 61, 54, 40**
PANTONE **432 C**

LIGHT GRAY

HEX **838D86**
RGB **131, 141, 134**
CMYK **54, 34, 44, 4**
PANTONE **430 C**

PURPLE BLACK

HEX **280033**
RGB **40, 0, 51**
CMYK **32, 95, 41, 57**
PANTONE **275 C**

BROWN

HEX **C16900**
RGB **193, 105, 0**
CMYK **19, 65, 100, 6**
PANTONE **159 C**

COLOR

IMPROPER
USAGE

To ensure readability and clarity, certain color pairings should be avoided. Here are some examples:

- 1. Avoid low-contrast pairings
- 2. Avoid pairings that vibrate
- 3. Avoid dark color pairings which are similar in value
- 4. Avoid light color pairings which are similar in value

04 TYPOGRAPHY

SECTION 04

FANDOM
BRAND
GUIDELINES

TYPOGRAPHY

PRIMARY
FONT FAMILY

Rubik

The fonts in the Rubik family are highly functional and legible but with distinct personality, and its rounded letterforms are a perfect stylistic fit with the brand logo. With a wide range of styles and weights, Rubik can be utilized for both headers and body copy.

Aa Bb Cc

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890/!@#\$%^&*()?

| | |
|-----------|-------------------------|
| Light | <i>Light Italic</i> |
| Regular | <i>Italic</i> |
| Medium | <i>Medium Italic</i> |
| SemiBold | <i>SemiBold Italic</i> |
| Bold | <i>Bold Italic</i> |
| ExtraBold | <i>ExtraBold Italic</i> |
| Black | <i>Black Italic</i> |

TYPOGRAPHY

SECONDARY
FONT FAMILY

Space Mono

As a supporting or accent font, the advantages of Space Mono are in its distinctive personality over its utility. It feels at once high tech and retro, and therefore perfect for the world of entertainment and gaming.

It is a monospace font, so not suitable for body copy, but is ideal as an accent font, specifically for its numerals, or – in select situations – for headlines.

Aa Bb Cc

Bold Italic

TYPOGRAPHY

ALTERNATE
SECONDARY
FONT FAMILY

Space Grotesk

Space Grotesk typesets better than Space Mono, so is more suitable for body copy, long lines of text, and fine print.

It has a more buttoned-up, midcentury style, but retains the digital, “tech-readout” charm.

Aa Bb Cc

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890/!@#\$%^&*()?

TYPOGRAPHY

FONT SETS
& STYLING

Typographically there are many ways to express the brand voice. Creative and intelligent combinations will maintain hierarchy and emphasize content clearly.

In this example, weight, color, and scale create hierarchy within a single font family.

EXAMPLE ONE

Using Only the Primary Font Family

Against a mid-value background, Fandom Purple Black is recommended, to optimize contrast while maintaining brand consistency. Standard black would also be acceptable.

Headers should have good scale compared with subheads and body paragraphs; the bigger the better, generally.

EXAMPLE ONE

Using Only the Primary Font Family

Against a light background, Fandom Purple is recommended, to optimize contrast while maintaining brand consistency. No darker color should be necessary here.

Headers should have good scale compared with subheads and body paragraphs; the bigger the better, generally.

TYPOGRAPHY

FONT SETS
& STYLING

Even when all styles are in the same color, a bold mix of font families, weights, and sizes can yield a strong typographic palette.

Example Two

MIXING IN A SECONDARY FONT

Against a light background, Fandom Purple is recommended, to optimize contrast while maintaining brand consistency. No darker color should be necessary here.

Headers should have good scale compared with subheads and body paragraphs; the bigger the better, generally.

Example Two

MIXING IN A SECONDARY FONT

Against a dark background, Fandom Red or Fandom Yellow can work well, to optimize brand consistency. Fandom Cream or Fandom Light Blue would also be acceptable.

Headers should have good scale compared with subheads and body paragraphs; the bigger the better, generally.

TYPOGRAPHY

FONT SETS
& STYLING

Space Mono, our secondary typeface, complements Rubik through its extra touch of personality.

Its numeral set is particularly unique and memorable.

01

Shown on the left, Space Mono is an excellent choice for numbered lists, and numerals in general.

It works well as an accent font too.

02

Shown on the left, Space Mono is an excellent choice for numbered lists, and numerals in general.

It works well as an accent font too.

03

Shown on the left, Space Mono is an excellent choice for numbered lists, and numerals in general.

It works well as an accent font too.

It works well as an accent font too.

SECTION 05

FANDOM
BRAND
GUIDELINES

DESIGN GUIDANCE & EXAMPLES

VISUAL STYLES

DESIGN & ILLUSTRATION PRINCIPLES

- 01** Communicate. Illuminate complex concepts and guide the user's experience.
- 02** Push boundaries. Explore new methods and visual styles, but always be on brand.
- 03** Set the tone. Craft a story that expresses the correct energy and emotion.
- 04** Create with purpose. Build context without complexity; intrigue without confusion.

ANGLED ELEMENTS

Reflecting prominent forms in the Fandom logo – and to convey a sense of movement and energy – brand graphics are often set at a 45 degree angle.

The background of the right half of the page is a complex geometric pattern. It features a large, dark blue arrow pointing from the bottom-left towards the top-right at a 45-degree angle. The background is composed of various shades of red and pink, including a checkerboard pattern in the corners and a halftone dot pattern in the center. The word "Fandom" is written in a bold, red, sans-serif font, with the 'o' replaced by a flame icon. The text is positioned horizontally across the middle of the page, overlapping the diagonal arrow.

Fandom

DESIGN GUIDANCE & EXAMPLES

SUPPORTING GRAPHICS

Derived from the world of comic books and old school magazines, halftone dot patterns make a subtle yet impactful reference to the origins of many beloved characters and franchises.

Our decorative icons, dubbed “Fanfetti,” are added to graphic layouts as needed, providing a sense of explosive energy and fun.

For working digital assets, contact the Brand Design team.

HALFTONE DOT PATTERNS

EXAMPLE

FANFETTI

EXAMPLE

The word "Fandom" is rendered in a bold, white, sans-serif font. The letter "o" is replaced by a stylized flame icon in magenta and yellow, with a yellow heart shape in the center. The background is a vibrant collage of geometric shapes, including triangles and diamonds, in shades of purple, magenta, and yellow. Some areas feature halftone dot patterns, and there are various small icons like stars, crosses, and circles scattered throughout.

Fandom

FOR THE LOVE OF FANS

ANGLED ELEMENTS, HALFTONE DOTS,
AND FANFETTI, IN COMBINATION

ENVIRONMENTAL GRAPHICS

Environmental graphics are usually larger scale and intricate types of illustration, allowing for higher usage of metaphor and detail. They can give the overall “big picture” for a concept or story, allowing for a full and immersive contextual scene. These are usually found as full wall graphics used in Fandom offices.

PICTOGRAPHS

Pictographs are usually contained depictions of a concept. They can bring life and context to a story or idea in one image, and can be literal or metaphorical. These may be found as spots in product pages, wayfinding images in zero state environments, or icons for various themes.

AVATARS

Fandom avatars are customizable icons that can be used as profile pictures in our brand style.

EMOJI ICONS

Emoji icons are the smallest and most literal representation of an idea, mainly used as simple expressions of different IP or objects. Usually only seen as one singular object, they provide simple depictions of what they represent.

DESIGN GUIDANCE & EXAMPLES

PHOTO & IMAGE TREATMENTS

Stylized photography and character art should reinforce the iconic nature of the image and present the subject as an ambassador for the brand.

Most commonly, a gradient of brand colors is applied over the image.

DESIGN GUIDANCE & EXAMPLES

CHARACTER
COLLAGES

Treated images come to life when combined with diagonal elements, halftone dots, fanfetti, and other supporting graphics. In these compositions, the brand attributes truly ring out.

DESIGN GUIDANCE & EXAMPLES

FAN PERSONA
CHARACTER ART

Fandom’s core audience segments are personified in a set of characters with unique attributes. These and many other configurations can be found in the brand asset library. Contact the Brand Design team for access.

06

SECTION 06

DESIGN GUIDANCE & EXAMPLES MOTION & SOUND

FANDOM
BRAND
GUIDELINES

MOTION PRINCIPLES

- 01** Build on the energy of the static brand. Be kinetic. It's better to create too much excitement than not enough.
- 02** Make things move in unexpected ways. Create an atmosphere of discovery and wonder, surprise and delight.
- 03** Embrace silliness and fun. Fandom is a relentlessly positive and hopeful place.

Sample files from the brand motion package, with audio, are located [here](#).

DESIGN GUIDANCE & EXAMPLES

MOTION
ELEMENTS

Certain design assets are principle to Fandom’s motion graphic style, helping to reinforce our voice:

- 1. Fanfetti
- 2. Dot patterns
- 3. Shards of color (set at a 45° angle)
- 4. Playful glitches

DESIGN GUIDANCE & EXAMPLES

LOGO IN MOTION

There are many ways to animate the Fandom logo, just be sure to give it personality! Here are some examples:

- 1. Draw on the shape of the logo.
- 2. Use a pattern to reveal the logo.
- 3. Scale and move the logo into frame.

1

2

3

MOTION:
IMPROPER
USAGE

Some modifications of the logo should be avoided when adding motion. Feel free to change around the colors and shapes to build some energy, but refrain from the following:

- 1. Do not distort or warp the logo.
- 2. Do not stretch the logo.

THE SOUND OF THE BRAND

In audio environments, an array of sounds and tones combine, many with direct connection to the world of gaming and entertainment, others with more unexpected origins. 8-bit video games, tube televisions, dot matrix printers, and other analog sounds can be detected. Elements of wind and water are present. The combined effect conjures the brand attributes of Celebration, Exploration, Passion, and Wonder.

Sample files from the brand motion package, with audio, are located [here](#).

07 SOCIAL

SECTION 07

FANDOM
BRAND
GUIDELINES

DESIGN GUIDANCE & EXAMPLES

SOCIAL DESIGN PRINCIPLES

- 01** Focus on community. Social content speaks to our existing audiences while welcoming new ones.
- 02** Be an accurate, inclusive resource for fans. Build trust through honest content.
- 03** Tell a captivating story while holding to core design principles.
- 04** Celebrate diversity in all its forms.

DESIGN GUIDANCE & EXAMPLES

CUSTOM SOCIAL,
CONTENT-RICH

Because Fandom social channels promote a wide range of entertainment and gaming IP, there are minimal restrictions on aesthetic styles or typefaces.

To keep Fandom from getting lost in the story, core brand colors and graphics are integrated as much as possible.

Inclusion of the Fandom logo is considered mandatory.

CHARACTER BREAKDOWNS

DATA-FOCUSED

RELEASE CALENDARS

DESIGN GUIDANCE & EXAMPLES

CUSTOM SOCIAL,
BRAND-DRIVEN

When leveraging characters or franchises to spotlight Fandom-focused content, visual styles are brought tighter to the core brand look and feel.

08 EVENTS

SECTION 08

FANDOM
BRAND
GUIDELINES

DESIGN GUIDANCE & EXAMPLES

EVENT BRANDING & DESIGN PRINCIPLES

- 01** Express the brand attributes in memorable, impactful ways. Focus on Connection, Curiosity, and Immersion.
- 02** Create enthusiasm and interest in Fandom and how we service fans.
- 03** Be interactive and accessible.
- 04** Design for the location, event setting, guest list, and wider audience.

DESIGN GUIDANCE & EXAMPLES

EVENT
LOCKUPS

Event lockups reflect the focus of the event, using appropriate color, imagery, and typography. The Fandom logo sometimes needs to be locked up with the event name, while other times the event name will stand alone. In these situations, Fandom’s voice is reflected through brand graphics, color, and visual style.

EVENT
DESIGN
SYSTEMS

When creating a look for a branded event, consider the scale of the event and how far the design will reach. Create assets efficiently to not have to reinvent the wheel for each deliverable or areas that the branding will touch. Establishing backgrounds, patterns, repeatable imagery, and font pairings can create a strong foundation to a cohesive and immersive event experience.

DESIGN GUIDANCE & EXAMPLES

PROMOTIONAL MATERIALS

Every event is different, but there are types of physical deliverables that are usually asked for. Some, but not all, may include:

- 1. Signage for clear and noticeable wayfinding
- 2. Step & Repeat
- 3. Attendee credentials badge
- 4. Quick order swag, such as stickers or buttons
- 5. Specialty swag that connects with the event’s goals and values, or materials that attendees will use at the event

DESIGN GUIDANCE & EXAMPLES

EVENT ENVIRONMENTS

While the logo and colors are often applied in a straightforward manner, physical environments also offer a range of opportunities to surprise, delight, and engage.
